**SUBJECT:** City of Neosho Announces Appointment of New Public Works Director

Neosho, MO — January 26, 2026 — The City of Neosho is proud to announce the appointment of Bo Noah as the new Public Works Director, overseeing Streets, the Recycle Center, and Drainage Operations.

Bo brings nearly 10 years of dedicated service to the City of Neosho. He began his career in the Public Works Department as a Streets Laborer, steadily advancing to Streets Superintendent before now stepping into the department’s top leadership role.

Throughout his career, Noah has earned multiple professional certifications, including advanced equipment certifications, MIRMA safety training, and several FEMA emergency management certifications. His hands-on experience, field knowledge, and commitment to safety and efficiency have made him a respected leader within the department.

“Bo has proven himself time and again through hard work, integrity, and an understanding of the infrastructure that keeps Neosho moving,” said City Manager David Kennedy. “We’re excited to see his leadership guide Public Works into its next chapter.”

As Public Works Director, Noah will oversee daily operations, long-range planning, and major improvement projects for the city’s transportation, drainage, and recycling systems.

The City of Neosho congratulates Bo Noah on this well-earned achievement and looks forward to his continued service to the community.
